May The New Academic Year Be Beneficial To All Of Us!

3-4
AGE
BULLETIN

Hello Everyone...

At English Kids Academy, we are proud to have touched the lives of tens of thousands of children since we began our English education journey in 2013. Throughout this journey, we have always asked ourselves: "How can we provide the best English education for our children?" This year, you will find the answer in our newly prepared materials and updated curriculum.

In this academic year, we have completely refreshed the content of our units, songs, stories, and games. In addition, with our bonus units, we have enriched the learning journey even further. Our renewed mobile application will once again be a fun-filled learning tool for our children.

And this year, children will not be alone on their journey—our adorable friends, Kiki the raccoon and Timmy the squirrel, will accompany them along the way. With their guidance, children will both enjoy learning English and feel like true adventurers on this exciting path.

In this new academic term, we are also embracing an approach that places greater importance on family involvement, aiming to include all families in the learning process.

That is why we are filled with excitement.

*Best regards,
English Kids Academy*

UNCLE HASAN AND HIS MAGIC TRAIN

Uncle Hasan had a magic train. Every morning, he would put on his hat, get on the train, and start a new adventure.

At the first stop, a small cat got on the train. Uncle Hasan said, "Welcome!"

At the second stop, two dogs came. They wagged their tails and jumped on the train. Together, they sang songs and looked at the scenery.

At the third stop, three rabbits with long ears got on the train. The rabbits ate carrots during the journey.

At the fourth stop, four naughty monkeys came. The monkeys shared bananas with the others.

Finally at the fifth stop, five big lions got on the train. Uncle Hasan said, "There is room for everyone!"

The train went through forests, hills, and rivers while the animals sang happily. As the sun set, Uncle Hasan dropped off each animal at its stop. They all thanked him, and the train returned home to prepare for a new adventure the next day.
