THE NAUGHTY STAINS

Every day, some naughty stains went to different preschools. They loved to mess up the children's clothes!

One day, the stains decided to visit Kiki's school. They sneaked in quietly. One stain hid in the garden, another hid behind the soap in the bathroom, and the last one found a spot on the shoes cabinet.

Kiki and her friends didn't know the stains were waiting for them. They happily went into the school. The mud stain wanted to make Zuzu's dirty, while the jam stain was ready to jump on Kiki's short. The water stain, hiding behind the soap, wasn't sure what to do. It thought about smudging on Mumu's t-shirt, but it had to wait.

When Zuzu was walking into the school with his dad, the mud stain jumped on his favorite pants. Later, Mumu asked the teacher, "Can I go to the bathroom?" After she finished, while washing her hands, the water stain jumped on her t-shirt.

At breakfast time, Kiki was in a hurry and accidentally dropped her jam bowl on her short. The jam made a big red stain!

The three friends looked at each other and shouted, "Oh no! What will we do with these naughty stains?"

QUESTIONS:

- 1 - Where did the naughty stains hide to settle? (Garden, soap and shoe cabinet.)
- 2 - Which of the children's clothes got stained? (Pants, t-shirt, short).

KIKI AND
TIMMY'S BIG
DISCOVERY

One day, Kiki and Timmy were playing in the garden. Kiki found a small box. The lid of the box was OPEN, and it was completely EMPTY inside. Timmy said, "This box should be FULL!" Kiki asked, "Yes, but what will we fill it with?"

They both looked around. There were many small stones in the garden. Kiki picked up one of the stones and said, "This stone is very LIGHT!" Timmy picked up another stone, but this stone was very HEAVY. Kiki said, "We can fill the box with these stones!"

Timmy reminded, "Yes, but the box needs to be CLOSED." Kiki CLOSED the lid of the box and said, "Now our box is FULL and CLOSED." Timmy added, "Now we have a BIG treasure box!"

Kiki and Timmy put the box on their backs and started walking home. But there was a problem. The box was very HEAVY because it had too many stones inside. Timmy said, "This box is going to be hard to carry." Kiki suggested, "Maybe we should take out some stones to make it LIGHTER."

They thought for a moment and then took out a few stones. Now the box was LIGHTER and easier to carry. When they got home, they OPENED the box and started playing with the stones inside. Kiki said, "This box is SMALL, but it's FULL of fun!" Timmy added, "Yes, sometimes SMALL things bring BIG happiness."

QUESTIONS:

- 1 - What kind of box did Kiki find in the garden? (Empty box.)
- 2 - How did Timmy and Kiki fill the box? (With stones.)
